# 1. Aims

Our school aims to:

- Have robust processes in place to ensure the online safety of pupils, staff, volunteers and governors
- Deliver an effective approach to online safety, which empowers us to protect and educate the whole school community in its use of technology
- Establish clear mechanisms to identify, intervene and escalate an incident, where appropriate

# 2. Legislation and guidance

This policy is based on the Department for Education's statutory safeguarding guidance, <u>Keeping Children</u> <u>Safe in Education</u>, and its advice for schools on <u>preventing and tackling bullying</u> and <u>searching</u>, <u>screening</u> <u>and confiscation</u>. It also refers to the Department's guidance on <u>protecting children from radicalisation</u>. It reflects existing legislation, including but not limited to the <u>Education Act 1996</u> (as amended), the <u>Education and Inspections Act 2006</u> and the <u>Equality Act 2010</u>. In addition, it reflects the <u>Education Act 2011</u>, which has given teachers stronger powers to tackle cyber-bullying by, if necessary, searching for and deleting inappropriate images or files on pupils' electronic devices where they believe there is a 'good reason' to do so.

The policy also takes into account the National Curriculum computing programmes of study.

# 3. Roles and responsibilities

### 3.1 The governing board

The governing board has overall responsibility for monitoring this policy and holding the headteacher to account for its implementation.

The governing board will co-ordinate regular meetings with appropriate staff to discuss online safety, and monitor online safety logs as provided by the designated safeguarding lead (DSL).

All governors will:

- Ensure that they have read and understand this policy
- Agree and adhere to the terms on acceptable use of the school's ICT systems and the internet (appendix 2)

### 3.2 The headteacher

The headteacher is responsible for ensuring that staff understand this policy, and that it is being implemented consistently throughout the school.

### 3.3 The designated safeguarding lead

Details of the school's designated safeguarding lead (DSL) [and deputies] are set out in our child protection and safeguarding policy.

The DSL takes lead responsibility for online safety in school, in particular:

- Supporting the headteacher in ensuring that staff understand this policy and that it is being implemented consistently throughout the school
- Working with the headteacher, ICT manager and other staff, as necessary, to address any online safety issues or incidents
- Ensuring that any online safety incidents are logged (see appendix 4) and dealt with appropriately in line with this policy
- Ensuring that any incidents of cyber-bullying are logged and dealt with appropriately in line with the school behaviour policy
- Updating and delivering staff training on online safety (appendix 3 contains a self-audit for staff on online safety training needs)
- Liaising with other agencies and/or external services if necessary
- Providing regular reports on online safety in school to the headteacher and/or governing board

This list is not intended to be exhaustive.

### 3.4 The ICT manager

The ICT manager is responsible for:

- Putting in place appropriate filtering and monitoring systems, which are updated on a regular basis and keep pupils safe from potentially harmful and inappropriate content and contact online while at school, including terrorist and extremist material
- Ensuring that the school's ICT systems are secure and protected against viruses and malware, and that such safety mechanisms are updated regularly
- Conducting a full security check and monitoring the school's ICT systems on a [monthly] basis
- Blocking access to potentially dangerous sites and, where possible, preventing the downloading of
  potentially dangerous files

- Ensuring that any online safety incidents are logged (see appendix 4) and dealt with appropriately in line with this policy
- Ensuring that any incidents of cyber-bullying are dealt with appropriately in line with the school behaviour policy

This list is not intended to be exhaustive.

### 3.5 All staff and volunteers

All staff, including contractors and agency staff, and volunteers are responsible for:

- · Maintaining an understanding of this policy
- Implementing this policy consistently
- Agreeing and adhering to the terms on acceptable use of the school's ICT systems and the internet (appendix 2), and ensuring that pupils follow the school's terms on acceptable use (appendix 1)
- Working with the DSL to ensure that any online safety incidents are logged (see appendix 4) and dealt with appropriately in line with this policy
- Ensuring that any incidents of cyber-bullying are dealt with appropriately in line with the school behaviour policy

This list is not intended to be exhaustive.

### 3.6 Parents

Parents are expected to:

- Notify a member of staff or the headteacher of any concerns or queries regarding this policy
- Ensure their child has read, understood and agreed to the terms on acceptable use of the school's ICT systems and internet (appendix 1)

Parents can seek further guidance on keeping children safe online from the following organisations and websites:

- What are the issues?, UK Safer Internet Centre: <u>https://www.saferinternet.org.uk/advice-centre/parents-and-carers/what-are-issues</u>
- Hot topics, Childnet International: <u>http://www.childnet.com/parents-and-carers/hot-topics</u>
- Parent factsheet, Childnet International: http://www.childnet.com/ufiles/parents-factsheet-09-17.pdf

### 3.7 Visitors and members of the community

Visitors and members of the community who use the school's ICT systems or internet will be made aware of this policy, when relevant, and expected to read and follow it. If appropriate, they will be expected to agree to the terms on acceptable use (appendix 2).

# 4. Educating pupils about online safety

Pupils will be taught about online safety as part of the curriculum.

In Key Stage 1, pupils will be taught to:

- Use technology safely and respectfully, keeping personal information private
- Identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies

Pupils in Key Stage 2 will be taught to:

- Use technology safely, respectfully and responsibly
- Recognise acceptable and unacceptable behaviour
- · Identify a range of ways to report concerns about content and contact

The safe use of social media and the internet will also be covered in other subjects where relevant.

The school will use assemblies to raise pupils' awareness of the dangers that can be encountered online and may also invite speakers to talk to pupils about this.

# 5. Educating parents about online safety

The school will raise parents' awareness of internet safety in letters or other communications home, and in information via our website. This policy will also be shared with parents.

Online safety will also be covered during parents' evenings.

If parents have any queries or concerns in relation to online safety, these should be raised in the first instance with the headteacher and/or the DSL.

Concerns or queries about this policy can be raised with any member of staff or the headteacher.

# 6. Cyber-bullying

### 6.1 Definition

Cyber-bullying takes place online, such as through social networking sites, messaging apps or gaming sites. Like other forms of bullying, it is the repetitive, intentional harming of one person or group by another person or group, where the relationship involves an imbalance of power. (See also the school behaviour policy.)

### 6.2 Preventing and addressing cyber-bullying

To help prevent cyber-bullying, we will ensure that pupils understand what it is and what to do if they become aware of it happening to them or others. We will ensure that pupils know how they can report any incidents and are encouraged to do so, including where they are a witness rather than the victim.

The school will actively discuss cyber-bullying with pupils, explaining the reasons why it occurs, the forms it may take and what the consequences can be. Class Teachers will discuss cyber-bullying with their tutor groups, and the issue will be addressed in assemblies.

Teaching staff are also encouraged to find opportunities to use aspects of the curriculum to cover cyberbullying. This includes personal, social, health and economic (PSHE) education, and other subjects where appropriate.

All staff, governors and volunteers (where appropriate) receive training on cyber-bullying, its impact and ways to support pupils, as part of safeguarding training (see section 11 for more detail).

The school also sends information/leaflets on cyber-bullying to parents so that they are aware of the signs, how to report it and how they can support children who may be affected.

In relation to a specific incident of cyber-bullying, the school will follow the processes set out in the school behaviour policy. Where illegal, inappropriate or harmful material has been spread among pupils, the school will use all reasonable endeavours to ensure the incident is contained.

The DSL will consider whether the incident should be reported to the police if it involves illegal material, and will work with external services if it is deemed necessary to do so.

### 6.3 Examining electronic devices

School staff have the specific power under the Education and Inspections Act 2006 (which has been increased by the Education Act 2011) to search for and, if necessary, delete inappropriate images or files on pupils' electronic devices, including mobile phones, iPads and other tablet devices, where they believe there is a 'good reason' to do so.

When deciding whether there is a good reason to examine or erase data or files on an electronic device, staff must reasonably suspect that the data or file in question has been, or could be, used to:

- Cause harm, and/or
- Disrupt teaching, and/or
- Break any of the school rules

If inappropriate material is found on the device, it is up to the staff member in conjunction with the DSL or other member of the senior leadership team to decide whether they should:

- Delete that material, or
- Retain it as evidence (of a criminal offence or a breach of school discipline), and/or
- Report it to the police

Any searching of pupils will be carried out in line with the DfE's latest guidance on <u>screening, searching and</u> <u>confiscation</u>.

Any complaints about searching for or deleting inappropriate images or files on pupils' electronic devices will be dealt with through the school complaints procedure.

## 7. Acceptable use of the internet in school

All pupils, parents, staff, volunteers and governors are expected to sign an agreement regarding the acceptable use of the school's ICT systems and the internet (appendices 1 and 2). Visitors will be expected to read and agree to the school's terms on acceptable use if relevant.

Use of the school's internet must be for educational purposes only, or for the purpose of fulfilling the duties of an individual's role.

We will monitor the websites visited by pupils, staff, volunteers, governors and visitors (where relevant) to ensure they comply with the above.

More information is set out in the acceptable use agreements in appendices 1 and 2.

## 8. Pupils using mobile devices in school

Pupils may bring mobile devices into school, but are not permitted to use them.

Any use of mobile devices in school by pupils must be in line with the acceptable use agreement (see appendix 1).

Any breach of the acceptable use agreement by a pupil may trigger disciplinary action in line with the school behaviour policy, which may result in the confiscation of their device.

## 9. Staff using work devices outside school

Staff members using a work device outside school must not install any unauthorised software on the device and must not use the device in any way which would violate the school's terms of acceptable use, as set out in appendix 2.

Staff must ensure that their work device is secure and password-protected, and that they do not share their password with others. They must take all reasonable steps to ensure the security of their work device when using it outside school. Any USB devices containing data relating to the school must be encrypted.

If staff have any concerns over the security of their device, they must seek advice from the ICT manager.

Work devices must be used solely for work activities.

### 10. How the school will respond to issues of misuse

Where a pupil misuses the school's ICT systems or internet, we will follow the procedures set out in the behaviour policy. The action taken will depend on the individual circumstances, nature and seriousness of the specific incident, and will be proportionate.

Where a staff member misuses the school's ICT systems or the internet, or misuses a personal device where the action constitutes misconduct, the matter will be dealt with in accordance with the staff disciplinary procedures. The action taken will depend on the individual circumstances, nature and seriousness of the specific incident.

The school will consider whether incidents which involve illegal activity or content, or otherwise serious incidents, should be reported to the police.

# 11. Training

All new staff members will receive training, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying and the risks of online radicalisation.

All staff members will receive refresher training at least once each academic year as part of safeguarding training, as well as relevant updates as required (for example through emails, e-bulletins and staff meetings).

The DSL [and deputies] will undertake child protection and safeguarding training, which will include online safety, at least every 2 years. They will also update their knowledge and skills on the subject of online safety at regular intervals, and at least annually.

Governors will receive training on safe internet use and online safeguarding issues as part of their safeguarding training.

Volunteers will receive appropriate training and updates, if applicable.

More information about safeguarding training is set out in our child protection and safeguarding policy.

# 12. Monitoring arrangements

The DSL logs behaviour and safeguarding issues related to online safety. An incident report log can be found in appendix 4.

This policy will be reviewed every 3 years by the DSL. At every review, the policy will be shared with the governing board.

# 13. Links with other policies

This online safety policy is linked to our:

- Child protection and safeguarding policy
- Behaviour policy
- Staff disciplinary procedures
- Data protection policy and privacy notices
- Complaints procedure

# Appendix 1: acceptable use agreement (pupils and parents/carers) User Agreement & Parental Permission for Internet Access

As a school user of the Internet, I agree to follow the school rules on its use. I will use the network in a responsible way and observe all the restrictions explained to me by the school. I agree to report any misuse of the network to the Head of Key Stage. If I do not follow the rules, I understand that this may result in loss of access to the internet as well as other disciplinary action.

Pupil Name: \_\_\_\_\_ Class: \_\_\_\_\_

Pupil Signature (if appropriate): \_\_\_\_\_\_(Junior pupils only)

As the parent/legal guardian of the pupil named above, I give permission for my child to access networked computer services such as electronic mail and the internet. I understand that although the school will take reasonable steps to ensure that my child is appropriately supervised, according to age and responsibility, I will not hold the school or County Council responsible for inappropriate material which my child may inadvertently obtain, despite such reasonable supervision. I accept responsibility for setting standards for my son or daughter to follow when selecting, sharing and exploring information and media. I agree to report any misuse of the network to the school.

### Acceptable use rules – Pupil

### **Rules for Responsible Internet Use**

The school has computers with Internet access to help you with your learning. These rules need to be signed before you use the Internet and will help you to keep safe and be fair to others.

### Using the computers:

- I will only access the school network with the login I have been given.
- I will not try to access files in other people's folders.
- I will close all programs and log out before leaving the computer.

• I will ensure that any DVDs/USB drives that I bring in from outside school have been virus-checked before using them on the school computers.

### Using the Internet:

- I will ask permission from a teacher before using the Internet.
- I will only search the Internet in ways that my teacher has approved.
- I will check who owns an image I may want to use on the Internet and will only use those with permission for re-use.
- I will minimise the web page if I find any unpleasant material and will report this to my teacher immediately because this will help protect other pupils and myself.
- I understand that the school may check my computer files, and may monitor the Internet sites I visit.

### Using e-mail / messaging / forms:

- I will not give my full name, date of birth, home address or telephone number on any website.
- I will not share anyone else's personal information online.
- I will not use the Internet to arrange to meet someone outside school hours.

• I will ask permission from a teacher before sending any messages on the Internet and will only send messages to people / sites that my teacher has approved

- The messages I send will be polite and responsible.
- I will immediately report any unpleasant messages sent to me because this will help protect other pupils and myself.

### Do's and Don'ts: Advice for Staff

### Appendix 6

Whilst the wide range of ICT systems and resources available to staff, both in school and outside of school, have irrefutable advantages, there are also potential risks that staff must be aware of. Ultimately if staff use ICT resources inappropriately, this may become a matter for a police or social care investigation and/or a disciplinary issue which could lead to their dismissal. Staff should also be aware that this extends to inappropriate use of ICT outside of school.

This Dos and Don'ts list has been written as a guidance document. Whilst it is not fully comprehensive of every circumstance that may arise, it indicates the types of behaviours and actions that staff should not display or undertake as well as those that they should in order to protect themselves from risk.

Don't

### **General issues Do**

- ensure that you do not breach any restrictions that there may be on your use of school resources, systems or resources
- ensure that where a password is required for access to a system, that it is not inappropriately disclosed
- respect copyright and intellectual property rights
   ensure that you have approval for any personal use of the school's ICT resources and facilities
- be aware that the school's systems will be monitored and recorded to ensure policy compliance
- ensure you comply with the requirements of the Data Protection Act when using personal data
- seek approval before taking personal data off of the school site
- ensure personal data is stored safely and securely whether kept on site, taken off site or accessed remotely
- report any suspected misuse or concerns that you have regarding the school's systems, resources and equipment to the Headteacher or designated manager and/or Designated Safeguarding Lead (DSL) as appropriate
- be aware that a breach of your school's Acceptable Use Policy will be a disciplinary matter and in some cases, may lead to dismissal
- ensure that any equipment provided for use at home is not accessed by anyone not approved to use it
- ensure that you have received adequate training in ICT
- ensure that your use of ICT bears due regard to your personal health and safety and that of others

### Use of telephones, mobile telephones and instant messaging

#### Do

- ensure that your communications are compatible with your professional role
- ensure that you comply with your school's policy on use of personal mobile telephones
- ensure that you reimburse your school for personal telephone calls as required
- use school mobile telephones when on educational visits

#### Use of cameras and recording equipment Do

- ensure that material recorded is for educational purposes Don't only
- ensure that where recording equipment is to be used, approval has been given to do so
- ensure that material recorded is stored appropriately and destroyed in accordance with the school's policy
- ensure that parental consent has been given before you take pictures of school pupils

- access or use any systems, resources or equipment without being sure that you have permission to do so
- access or use any systems or resources or equipment for any purpose that you don't have permission to use the system, resources or equipment for
- compromise any confidentiality requirements in relation to material and resources accessed through ICT systems
- use systems, resources or equipment for personal use without having approval to do so

- bring personal recording equipment into school without the prior approval of the Headteacher
- inappropriately access, view, share or use material recorded other than for the purposes for which it has been recorded
- put material onto the VLE, school intranet or intranet without prior agreement from a member of senior staff

### Use of email, the internet, VLEs and school and HCC intranets

#### Do

- alert your Headteacher or designated manager if you receive inappropriate content via email
- be aware that the school's email system will be monitored and recorded to ensure policy compliance
- ensure that your email communications are compatible
   with your professional role
- give full consideration as to whether it is appropriate to communicate with pupils or parents via email, or whether another communication mechanism (which may be more secure and where messages are less open to misinterpretation) is more appropriate
- be aware that the school may intercept emails where it believes that there is inappropriate use
- seek support to block spam
- alert your Headteacher or designated manager if you accidentally access a website with inappropriate content
- be aware that a website log is recorded by the school and will be monitored to ensure policy compliance
- answer email messages from pupils and parents within your directed time
- mark personal emails by typing 'Personal/Private' within the subject header line

#### Don't

- send via email or download from email, any inappropriate content
  - send messages that could be misinterpreted or misunderstood

- forward email messages without the sender's consent unless the matter relates to a safeguarding concern or other serious matter which must be brought to a senior manager's attention
- access or download inappropriate content (material which is illegal, obscene, libellous, offensive or threatening) from the internet or upload such content to the school or HCC intranet
- upload any material onto the school website that doesn't meet style requirements and without approval.

### Use of social networking sites Do

- ensure that you understand how any site you use operates and therefore the risks associated with using the site
- familiarise yourself with the processes for reporting misuse of the site
- · consider carefully who you accept as friends on a social networking site
- exercise caution when accepting friendship requests from parents – you may be giving them access to personal information, and allowing them to contact you inappropriately
- report to your Headteacher any incidents where a pupil has sought to become your friend through a social networking site
- take care when publishing information about yourself and images of yourself on line assume that anything you release will end up in the public domain
- ask yourself about whether you would feel comfortable about a current or prospective employer, colleague, pupil or parent viewing the content of your page
- follow school procedures for contacting parents and/or pupils

• through your teaching, alert pupils to the risk of potential misuse of social networking sites (where employed in a teaching role)

### Don't

- · spend excessive time utilising social networking sites while at work
- accept friendship requests from pupils
  put information or images on line or share them with colleagues, pupils, or parents (either on or off site) when the nature of the material may be controversial
- · post anything that may be interpreted as slanderous towards colleagues, pupils or parents
- use social networking sites to contact parents and/or pupils
