

# Welcome back everyone!

How lovely to start the summer term with some sunshine! It has been wonderful to begin the term being able to welcome all the children back and they continue to impress us with their positive attitudes and their approach to their learning.

For the time being, this half term at least, we are continuing with our current arrangements.

This week the classes have been launching their projects, sharing the BIG question with the children. Over the next 10 weeks, the children will be seeking to find their own answers to the question through the learning they do at school and at home.

The last 3 weeks of the summer term, we will be having a whole school focus on 'Looking back, Looking forward' as we spend time reflecting and We are excited about the learning journeys the children will go on this term.

**April 2021**

## IMPORTANT DATES

### Half term week

Monday 31<sup>st</sup> May –  
Friday 4<sup>th</sup> June

### Summer 2 Half Term begins

Monday 7<sup>th</sup> June

### Last day of Summer Term

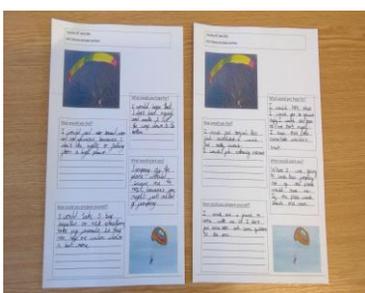

Friday 23<sup>rd</sup> July

For more dates see the [calendar](#) on our website.

## Celebration Worship

Every Friday, we take the time to share a range of learning at our school from across the year groups. These worships are shared on the school website, we hope you enjoy seeing this slice of school life.

Each term we focus on one of our 6 values, which is embedded into our learning to help the children understand and appreciate their environment, the wider world and to help them be the best they can be. This term our value is **INQUIRE.**

We inquire about God's varied and wonderful world. We learn through exploration and questioning as we grow in understanding, skills, and wisdom.

Our verse for this half term is,  
*'Put all things to the test; keep what is good.'* 1  
*Thessalonians 5:21*

## RHE (Relationships and Health Education) Policy

Thank you to everyone who responded to our consultation about our RHE policy. As the policy is in line with Government expectations, the policy is now in place. Over the next year, we will be developing our RHE curriculum as we develop the staff expertise in delivering this area of the wider curriculum. The [policy](#) is stored on the school website.

## CORONAVIRUS, TESTING AND SCHOOL

As I am sure you are aware, families can now collect or order lateral flow test kits for anyone over the age of 18. Follow this [link](#) for more details:

If your child has any symptoms of coronavirus such as:

- a high temperature
- a new continuous cough (coughing a lot, for more than an hour, or 3 or more coughing episodes in 24 hours)
- a loss or change to sense of smell or taste (this means they cannot smell or taste anything, or things smell or taste different to normal), please get a test to check if they have coronavirus as soon as possible.

Stay at home and do not have visitors until you get the test result – only leave your home to have a test. Anyone you live with, and anyone in your support bubble, must also stay at home until you get the result. The school will let families know if a child or member of staff tests positive. Please remember to follow Government and Public Health advice. When dropping off or picking up your child we would appreciate it if you could remember to social distance to help ensure we keep our community as safe as possible. Thank you.
